Notice of Regarding the Increase of Non-operating Expenses (Foreign Exchange Loss)

We hereby announce that we have recorded non-operating expenses (foreign exchange loss) for the consolidated cumulative period of the fiscal year ending March 2025, as detailed below.

1. Overview of the Increase of Non-operating Expenses (Foreign Exchange Loss)

NIPRO CORPORATION ("The Company") had recorded a foreign exchange loss of 1.408 billion yen during the consolidated cumulative period of the third quarter of the fiscal year ending March 2025 (April 1, 2024, to December 31, 2024). However, due to further fluctuations in the exchange rate, The Company recorded a foreign exchange loss of 5.381 billion yen as non-operating expenses for the consolidated cumulative period of the fiscal year ending March 2025 (April 1, 2024, to March 31, 2025). This loss mainly arose from the rapid appreciation of the yen since January, affecting the USD denominated receivables held by The Company.

2. Impact on Business Performance

The foreign exchange loss has been reflected in the "Consolidated Financial Results for the Fiscal Year Ending March 2025 (Japanese GAAP)" announced today.
